[Role-based View in Holocentric Connect](#)

When using the **Browse** tab, you can see your assigned roles and view content that is relevant to these roles.

You can browse the following:

- Operations tab
 - Process
 - Work Instructions
- Governance tab
 - Policies
 - Regulations
- Documents

In the **Browse** tab, you also have the option to switch between your different roles in order to see relevant content for each role.

The **Add another Role...** option allows users to pick one or more additional roles to add to their filter.
